NAYAK
AIRCRAFT SERVICES

> "Our team is committed to develop the best long term solution for our airline customers."

HERE WE ARE.

COMPONENT SERVICE CENTER

OUR CUSTOMER CARE

NAYAK stands for expert guidance and advice. Let us simplify the handling of spare parts and tires for you and make you an offer that perfectly matches your needs and budget. We are working together hand in hand with all leading aircraft manufacturers.

We deliver serviceable wheels and brakes to where they are needed and collect your u/s wheels and brakes. We care about your appropriate material. Our service includes repair, overhaul and inspection.

Our CSC – the Component Service Center with 2000m² space is set up just for this purpose. Situated in the vicinity of Cologne/Bonn Airport, with direct motorway connections, the shop handles maintenance and storage for customers from all over Europe.

For your requirements we are sure we are the right choice.

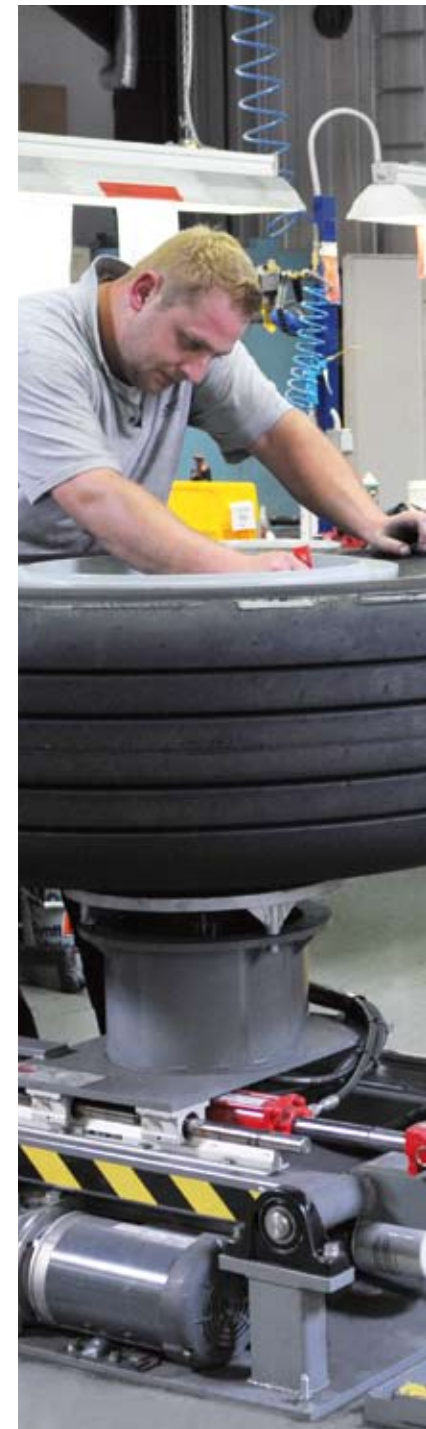

COMPONENT SERVICE CENTER

WE OFFER A LARGE RANGE OF BENEFITS FOR OUR VALUED CUSTOMERS:

- > Point-to-Point component transportation
- > Complete logistics
- > Easy invoicing
- > Airport and airline-independent service provider
- > Direct motorway connections

WE OFFER A LARGE NUMBER OF REPAIR SERVICES, SUCH AS:

- > Material supply (aircraft wheels & brakes) / 800-1000 tires in stock
- > Spare parts
- > Aircraft batteries (service offer at the Airport Cologne/Bonn)
- > NDT (all standard methods)
- > Heatpacks
- > Storage of customers property
- > Highly qualified personnel
- > State-of-the-art equipment

COMPONENT SERVICE CENTER

OUR BUSINESS IS BUILT ON INNOVATIONS

Service innovations are the basis of our business; when our customers develop we adjust to their development.

No matter where you need us: We link efficient material logistics and offer our services for wheels and brakes on every European airport.
