### BATTERY SHOP

Nayak Aircraft Services is well known for a comprehensive offer of services, including the maintenance and servicing of main aircraft batteries such as NiCad Batteries and lead batteries.

With the state-of-the-art equipment of Nayak's Battery Shop we can offer our customers short maintenance cycles. If desired we can include a well coordinated logistic pick-up and delivery service.

### OUR SERVICES

Our capability list includes a variety of main aircraft batteries of manufacturers like **Aero Design, Concorde, Gill, Marathon** and **Saft**.

- > Periodical Check
- > Repair
- > Regular Check
- > Overhaul
- > AOG Service

For any other type of battery, please check the current capability list on: **[www.nayak.aero](http://www.nayak.aero)**

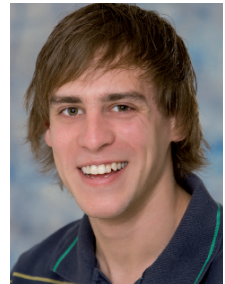

In addition, we maintain in our Avionic Shop power packs and assemblies of manufacturers like **ACME, Grimes** and **L3 Com Aviation Systems**.

Please do not hesitate to contact us – we are available for your needs at the locations Cologne Bonn Airport and Klagenfurt Airport!
