

**Nayak JV1** is Europe's largest provider of airline-independent maintenance. Our collaboration with nearly all the great airlines in Europe underscores our relevance in the market, demonstrates steady growth, and proves that our business concept works.

We are looking for our **Barcelona - El Prat (BCN)** Operational Unit, an MCC Engineer,

#### **Profile**

- Check the feasibility of the works requested by clients in terms of labor, certifications, materials, and equipment.
- Plan the work required by customers.
- Interact daily with client companies for the correct management of assigned jobs.
- Find effective solutions to manage AOG events.
- Contribute the Shift Leader in the assignment of "work packages" to the technical staff.
- Offer support to technical staff in case of T/S events.

#### **The Job requirements are:**

- Bachelor of Aerospace Engineering
- Knowledge of the Aeronautical environment.
- Computer skills.
- Experience in Amos will be considered a strong plus.
- Fluent Spanish and English spoken & written compulsory. Italian will be considered a plus.
- Analytical thinking skills.
- The ability to use his/her initiative.
- Valid driving license
- Valid criminal record check
- Right to live and work in Spain prior to application.
- Availability to work on rotations 24/7.

#### **The Company offers:**

- Attractive compensation package
- Permanent fulltime position
- Possibility of different training programs to support the personal and professional development
- Partially subsidized pension plan
- Other benefits in progress
